#### About

Marketview has compiled a sample of over 25,000 New Zealand retail and consumer services businesses we know to have been operating continuously on the Paymark network over the last two years.

Each merchant has been put into the summary categories shown in Table five. We have compared the value of spending and volume of credit and eftpos transactions for each week since 3 February 2020 with the Same Week Last Year (SWLY). Cumulative figures are based on a running total of spending/transactions since 3 February 2020.

NB: Weeks run Monday to Sunday, spending figures include GST, no allowance is made for non-card purchases. International figures are based on spending on credit cards issued by non-NZ financial institutions. Does not include online transactions. No adjustments are made for inflation.
